B32

REBAR BENDING CAPACITY UP TO 32 mm

MAX Ø 32 mm	3KW MOTOR	200 kg

- ☑ Reinforced gearbox housing
- ☑ Precision hardened bushs and pins
- ☑ Industrial brake type motor
- ☑ Heavy duty frame construction
- ☑ Thermal overload protection

B32 is engineered for heavy-duty rebar bending operations,combining structural strength with precision performance.Designed for demanding job sites, it delivers stable bending results with masmum durability.

Mod	B32
Power	3 kw
Speed	9 bends/min
Weight	200 kg
Size(cm)	84x78x80
