ROBUSTO

B55

HEAVY DUTY BENDING MACHINE

B55

REBAR BENDING CAPACITY UP TO 55mm

MAX Ø 55mm	7.5KW MOTOR	811 kg

- ☑ Reinforced gearbox housing
- ☑ Precision hardened blades
- ☑ Industrial grade motor
- ☑ Heavy duty frame construction
- ☑ Thermal overload protection

B55 is engineered for heavy-duty rebar bending operations,combining structural strength with precision performance.Designed for demanding job sites, it delivers stable cutting results with masmum durability.

Mod	B55
Power	7.5 kw
Speed	9 bends/min
Weight	811 kg
Size(cm)	120x105x87
